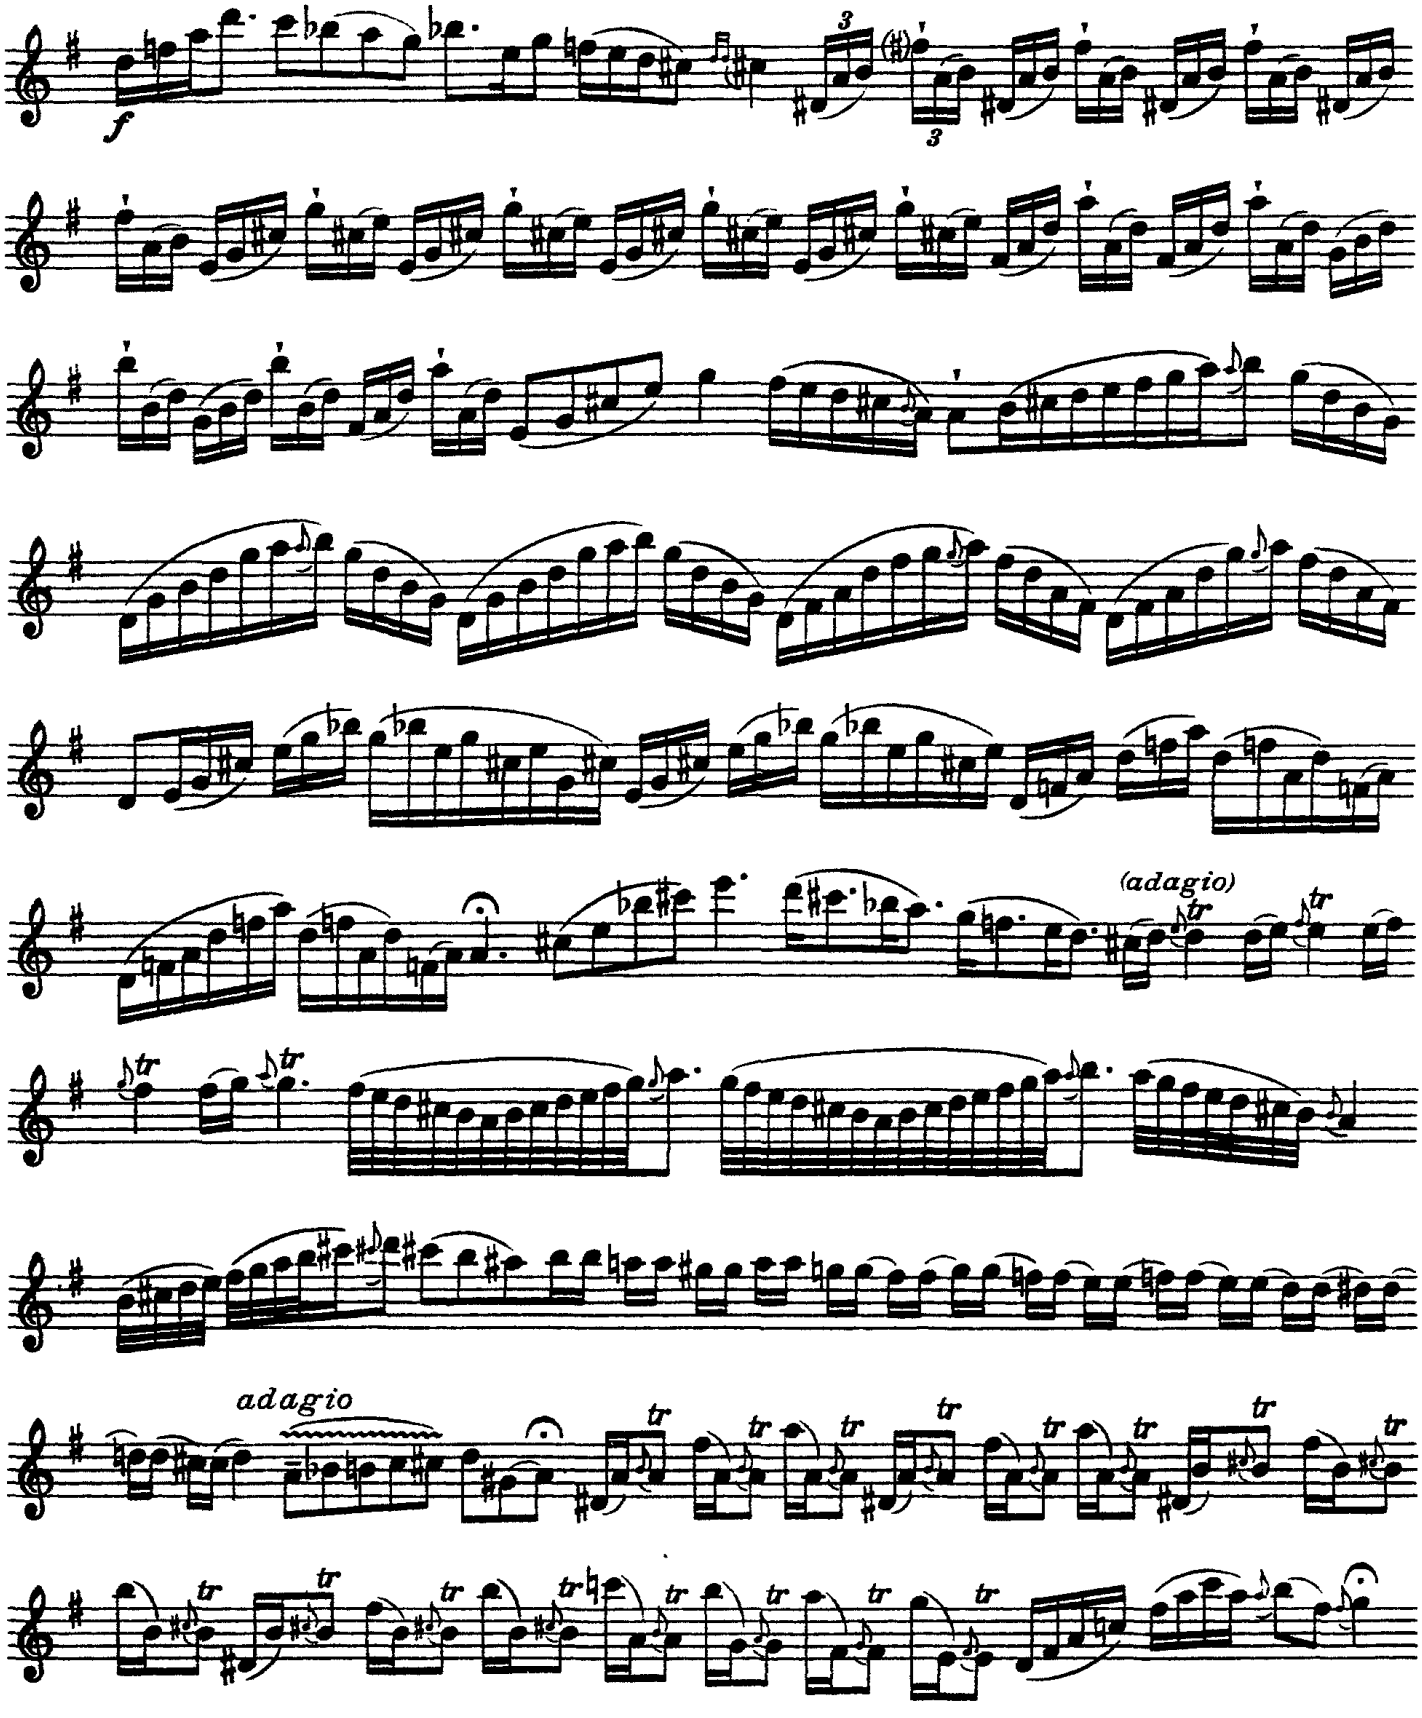
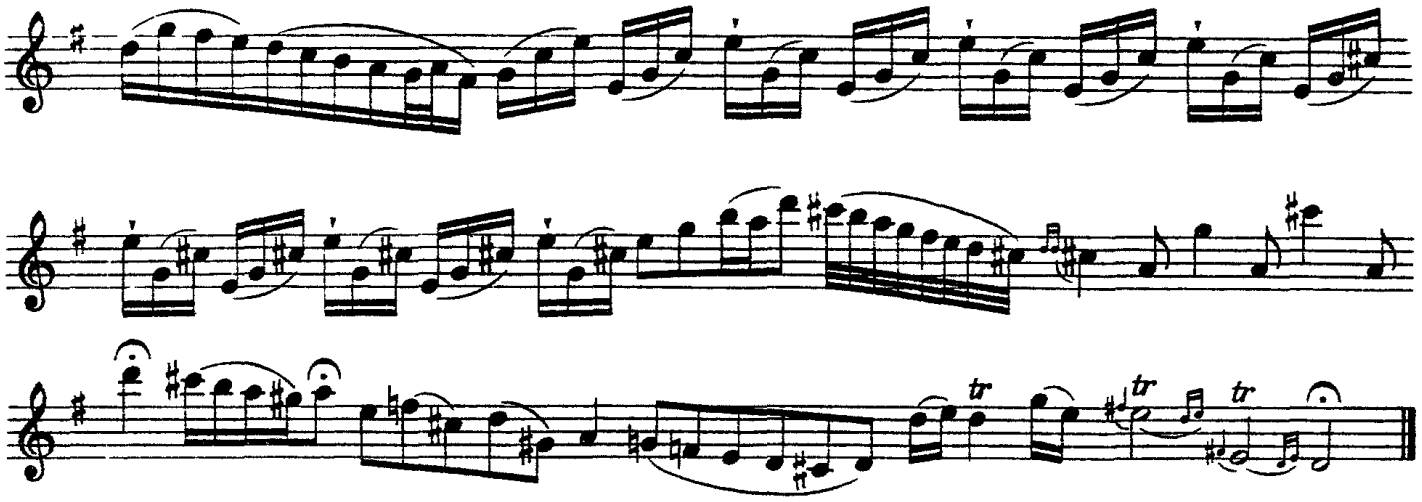
Flute

1

Fantasia

Unbekannter Meister des 18. Jahrhunderts





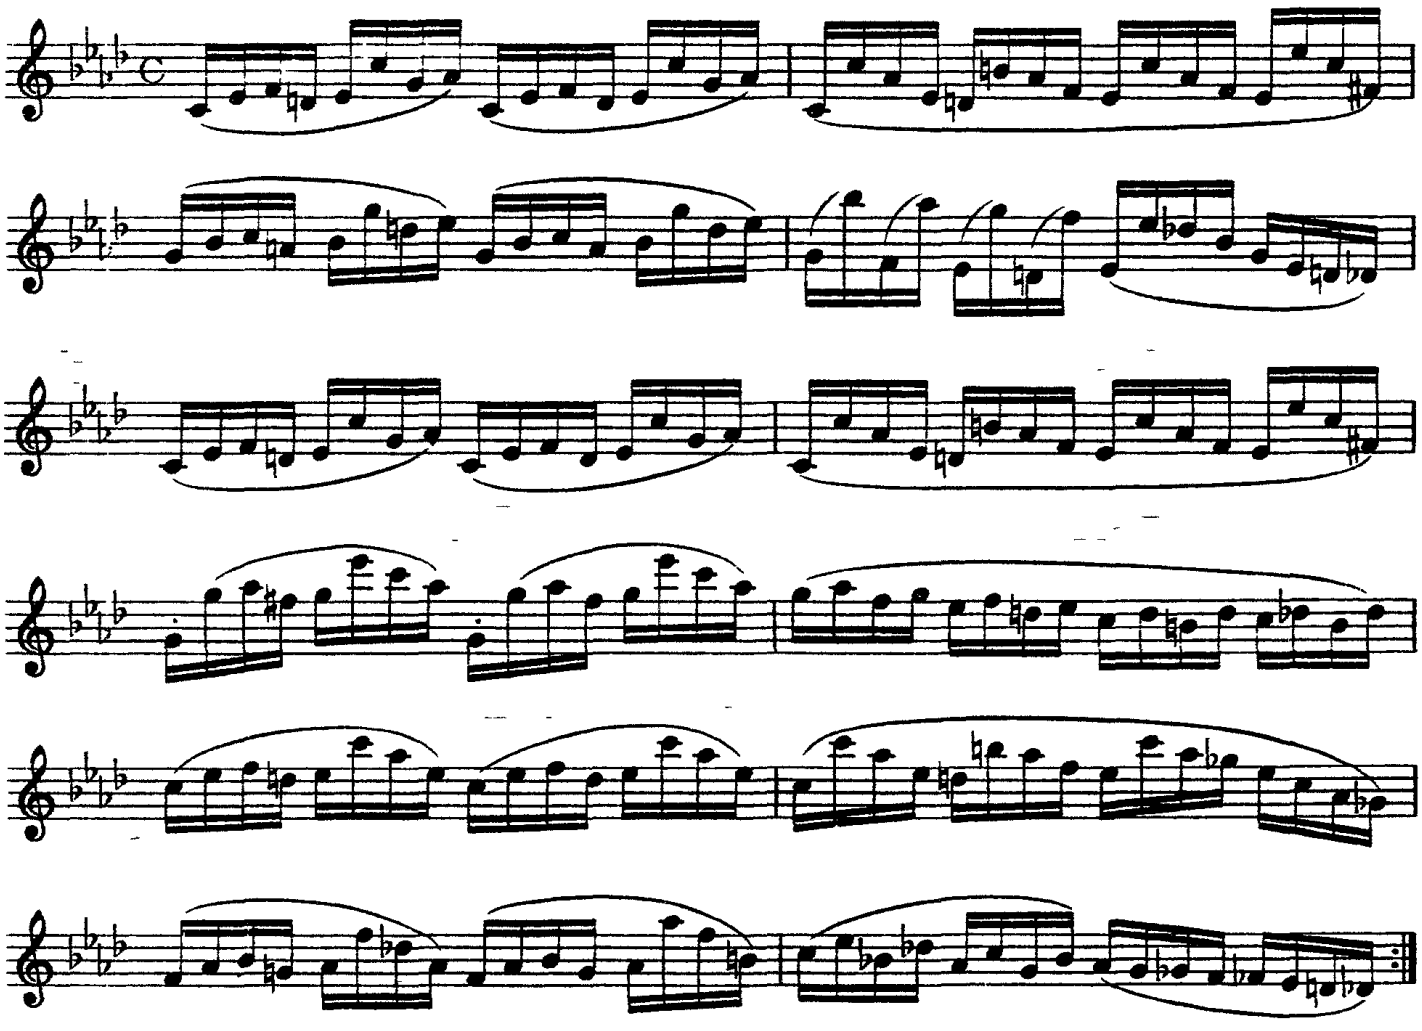
Bemerkung zu Nr. 1

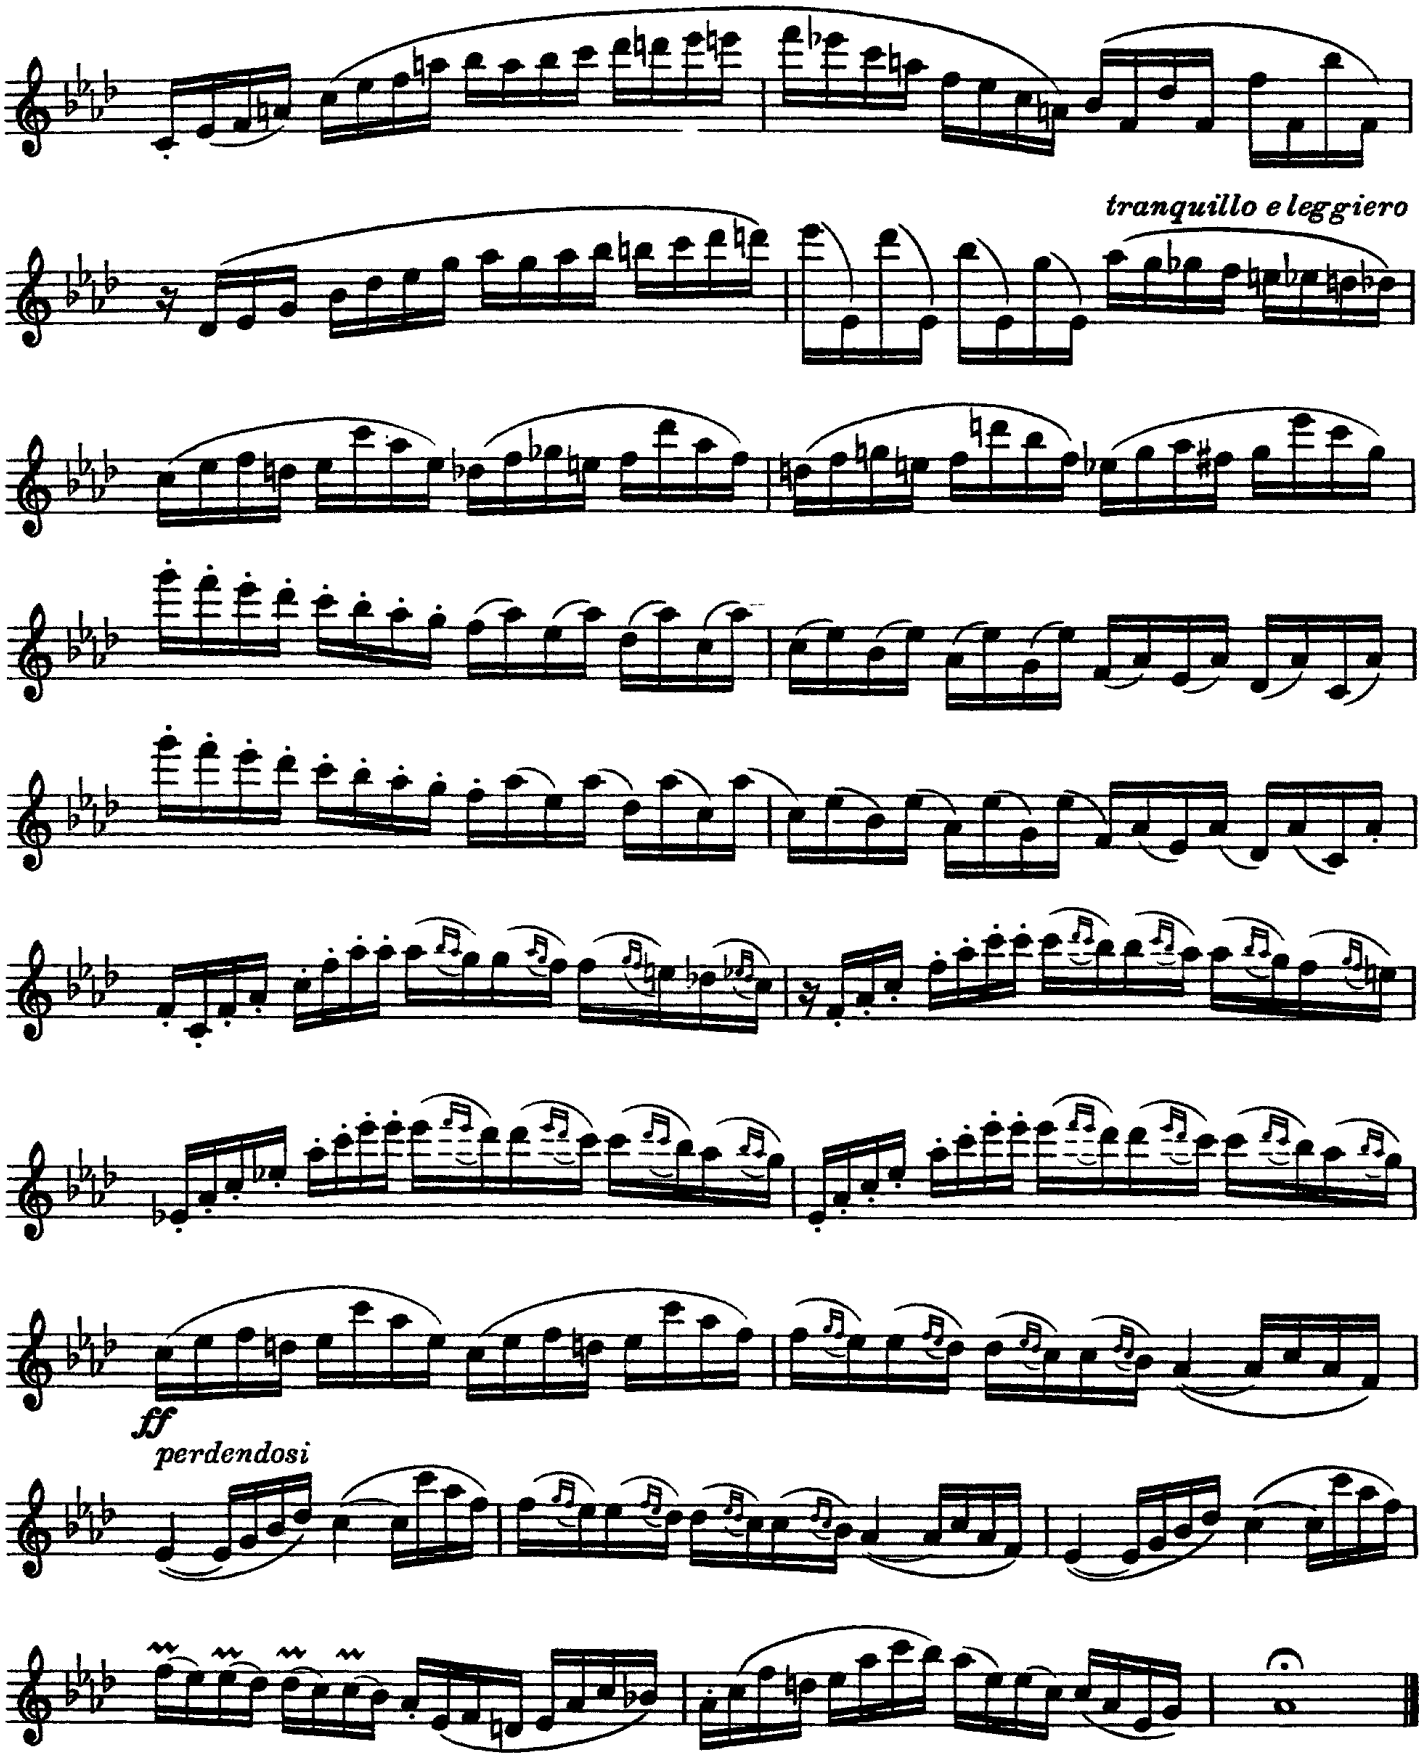
Diese Komposition ist improvisiert im Stile einer Kadenz vorzutragen. Durch langsames Öffnen der Klappen und intensiv ausgeführtes Vibrato wird bei den mit einer Wellenlinie bezeichneten Tönen die Wirkung eines Glissando erreicht, das als reizvolle Verzierung die vorliegende Komposition beleben soll. Als Zählwert sind 8-tel oder 16-tel anzuwenden.

2

Theobald Böhm (1794-1881), op. 37 Nr. 9

Allegretto





Bemerkung zu Nr. 2

Für das Studium der Etüden, die vornehmlich die technischen Fertigkeiten und die Ausdauer des Bläsers steigern sollen, sei auf die im 2. Band der Flötenstudien angegebene Übweise hingewiesen. Ausgehend von der Sicherheit der Ansprache und des Klingens jeden Tones, sind die Studien in Hinsicht auf Dynamik, Artikulation und rhythmische Veränderungen so variabel wie möglich zu gestalten.
